

PIONEER

Sri Swapan Pal, S/O It. Rakhal Pal of Purba Laxmibill, Bishalgarh under Sepahijala District started flower cultivation in the year 1999 occasionally and in the year

2000-01 first open field commercial cultivation of flower started with the help of Horticulture – mainly marigold (1.5 kani), tube rose (0.5 kani), gladiolus (5ganda). At the beginning he earned monthly about `3000.00-`4000.00.

He grew flower in the vacant plot adjacent to his domestic house. The plot was full of bush & not suitable to grow any crop even vegetables. Now this plot is utilised to grow exotic flower in protect structures. At present he is having 4 such units of protect structures. In the year 2014-15 one such structure provided under

MIDH.

Now he is earning in an average `20,000.00 -`25,000.00 per month and yearly `3,00,000.00

This flower cultivation has not only uplift his financial position but also changes socially. Earlier who are criticising the flower cultivation, they are now in the field of exotic flower cultivation and the whole village become the flower cultivation village.
